

Wood Mackenzie Edinburgh, Guilford & London

RSP were appointed by Wood Mackenzie for the fit-out of their new Head Quarters at 2 Exchange Place, Edinburgh.

Wood Mackenzie occupies the top floors of this triangular shaped building, arranged around a central atrium and core that contains toilets, lifts and a stair. The fit-out of the 3,500m² office accommodation consisted of a kitchen, cafeteria, training rooms, boardroom, various sizes of AV meeting rooms, data centre and pod/cast room. The building services consisted of modifications and additions to the four piped fan coil systems, heating and chilled water pipework, sprinklers, ventilation, automatic controls, small power distribution, IT, security, lighting and lighting controls.

In 2012, RSP were appointed to take forward the fit-out of Wood Mackenzie's 500m² Guildford office. This consisted of modification to a speculative open plan office to cellular meeting space with kitchen and meeting facilities.

In 2011, RSP were further commissioned to undertake the expansion of Wood Mackenzie's central London office at 1 Finsbury Square to an area of 1,100m², consisting of new kitchen facilities, meetings rooms, training room and quiet room. Building services consist of modifications and additions to the existing four piped fan coil systems, sprinklers, ventilation, automatic controls, IT, security, lighting & lighting controls.
